

Celebrating the Kootenays & Boundary Areas

at 2018 AKBLG Convention and AGM

****NEW PROGRAM****

The Association of Kootenay and Boundary Local Governments is celebrating communities that have received Awards of Achievement in the calendar year of 2017.

Communities in the Kootenays and Boundary are regularly recognized for exceptional projects and innovative ideas. This region attracts people who are energized by our communities and put their talents to work in creating excellent communities, businesses, services and unique projects. AKBLG is interested in celebrating and sharing these achievements at our April 18th – 20th, 2018 Convention and AGM in Fernie.

If your local government or someone in your community has been recognized for outstanding achievements in the calendar year 2017, we need your help to gather information to showcase the Award.

Please submit to both emails: ed@akblg.ca and jay@3birds.ca before April 6th, 2018:

- Award title
- A paragraph or two of description
- A couple of photos for PowerPoint inclusion

Examples could include, but are not limited to: Government awards, Community awards, Economic Development awards, Technology awards, Tourism awards, Horticultural awards.

All submissions will be celebrated with the delegates at the spring convention.

Thank you for your submissions!
