CONFLICT OF INTEREST AND CONFIDENTIALITY POLICY

1. Definition

- 1.1 A conflict of interest is defined as an actual or perceived interest by a Committee member in an action that results in or has the appearance of resulting in, personal, organizational or professional gain. More generally, conflict of interest can be defined as any situation in which an individual is in a position to exploit a professional or official capacity to advance:
- their personal interests; or
 - the interests of a related person; or
 - the interests of their business associate, corporation, union or partnership; or
 - the interests of a person to whom the individual owes an obligation.
- 1.2 The definition of conflict of interest includes any bias or the appearance of bias in a decision-making process that would reflect a dual role played by a Committee member(s).

2. Principles

- 2.1 Committee members shall avoid conflict of interest or the appearance of conflict of interest, either directly or indirectly. Their personal interests must not be in conflict with the interests of the steering committee. For example, Committee members must be alert to such situations as:
- (a) participating in decisions which will substantially influence the probability of obtaining a contract as an administrative agent or a project of interest' being funded through the Committee.
 - (b) disclosing Committee information for personal gain; and/or
 - (c) advocating personal or organizational interests rather than the broad geographic interests of all of the Basin.
- 2.2 In addition, Committee members should recognize that their membership on the committee provides them with information, which could be used or seen to be used to the advantage of their own organizations or those they have contact with. The Committee members must respect the confidentiality of any information which could be used or seen to be used for the advantage of some individuals or organizations until that information is made public.

3. Steering Committee Member Conduct Regarding Conflict of interest

3.1 Disclosure:

A Committee member shall declare a possible conflict of interest or the appearance of a conflict of interest as soon as practicable. Committee members are required to maintain a sense of fairness, civility, ethics and personal integrity while making decisions as a Committee member.

3.2 Absent themselves from the discussion:

Following a declaration of a possible conflict of interest by a Committee member, the Committee shall consider the information regarding the conflict and determine if the member in potential conflict should leave the meeting for the duration of the discussion and any related decision-making.

Further, after having declared a conflict of interest and left the discussion, no further information pertaining to that item shall be distributed to the Committee member.

3.3 Failure to Comply:

In the event that a Committee member knowingly fails to declare a conflict of interest, they will be subject to dismissal from the Committee immediately. In addition, the Committee will consider termination of any administrative contract or project of interest awarded or considered with the participation of the Committee member in conflict.

4. Members Conduct Regarding Confidentiality

4.1 Committee members should also avoid the perception that their access to privileged Committee information might give the organizations of which they are part an unfair advantage over others.

4.2 Members can avoid this perception of unfair advantage by:

- Ensuring that the information Committee members are privy to by being part of the Committee is kept strictly confidential until such time as it is released to the public.
